P.-T. A. Will Elect Officers Monday

Chorus Will Present Musical Program; Miss Unruh to Speak

Miss Edith Unruh, Narberth's public health nurse, will speak on the work of the Well-Child Center at a meeting of the Narberth Parent-Teachers' Association at the Public School auditorium on Monday evening.

The nominating committee will make its report and new officers of the Association will be elected. An interesting musical program is planned by Mrs. W. J. Drennen, director of the P.T.A. Chorus. The chorus will sing a variety of songs, illustrating the versatility of its repertoire, and instrumental selections will be presented by a trio of Temple University students—Miss Elva Smith, pianist, Miss Adelaide Schleicher, violinist, and Miss Marie Hipwell, cellist.

Mrs. James A. Moore, of Narberth, will offer a group of readings.

Mrs. Gerald Colahan, president of the P.T.A., will preside during the program, and Mrs. A. L. Altman will act as hostess during the social hour following.

The P.T.A. is celebrating its eleventh birthday this Spring. At the time of its organization, Mrs. C. H. Woolmington was president of the P.T.A. and was largely responsible for its inception. Mrs. W. J. Drennen, who directs the Chorus today, has been the director since the beginning, when there were only eight members as compared to 20 today.

The Chorus' first pianist was Mrs. J. R. McLaughlin, who has now been succeeded by Mrs. Wesley P. Dunnington.

In its first few years, the Chorus gave formal concerts each year, but more recently it has been giving recitals in churches and institutions, including the Narberth Presbyterian Church, the Holy Trinity Lutheran Church, St. Paul's Episcopal Church, Overbrook; the Presbyterian Home for Widows and Single Women, the Bala Home for the Aged, the Home for Incurables, the Mission at 16th and Spring Garden sts., Philadelphia; also at the Narberth P.T.A. meetings, West Manayunk P.T.A. meetings, Ingatherings of the Needlework Guild, the Junior and Senior sections of the Women's Community Club of Narberth and the Woman's Club of Bala-Cynwyd, and at the annual World Day of Prayer Union Service in Narberth.

Squires In Laboratory Test Case Give "Hearing" To Own Members

At a mock trial in Glenside Tuesday night, two magistrates involved in a trumped-up "taproom dispute" were given a hearing as a "laboratory test" of the theoretical courses taken by Montgomery County justices of the peace in Pennsylvania's first school for Magistrates.

The "complainant" was Magistrate Franklin P. Kromer, of Cynwyd, and the "defendant" was Magistrate Reno Rosenberger, of North Wales, who was "charged" with blasphemy and aggravated assault and battery.

Magistrate Kromer said a scuffle ensued when he objected to remarks made by the North Wales magistrate and that his reward for trying to keep the peace was a "punch in the nose."

Public officials of Cheltenham Township came to hear the testimony and among them was Harold Pike, manager of the township and chairman of the Montgomery County Republican Campaign Committee for the nomination of Senator James J. Davis as governor.

Magistrate Walter B. Lowmes, Jr., Ardmore, who is president of the Montgomery County Justice of the Peace Association, presided. After

Select Peter C. Hess As Secretary of Campaign

LAFORE REPRESENTED MAIN LINE SECTION

United States Senator James J. Davis was endorsed for the gubernatorial nomination by the Montgomery County Republican Organization at a meeting of area supervisors Friday afternoon at Norristown.

The supervisors also approved the candidacies of County Commissioner Fred C. Peters and Miss Nancy P. Highley for re-election to the Republican State Committee. Others endorsed were Congressman J. William Ditter, State Senator Franklin Spencer Edmonds, and the five incumbent members of the Pennsylvania State Assembly, Lambert Cadwalader, First Legislative District; Charles H. Brunner, Jr., Second District; and Lloyd H. Wood, Evansburg, Third District.

John A. Lafore, Jr., area supervisor for Lower Merion Township and Narberth Borough, attended the meeting.

The formation of the Montgomery County Republican Primary Campaign Committee was effected at the meeting, and Harold C. Pike, Cheltenham Township manager, was named chairman.

Peter C. Hess, Lower Merion Township treasurer, was selected as the campaign committee secretary, and Prothonotary Earl B. Bechtel, Pottstown, is the treasurer.

The endorsement marked the first official action of the Montgomery Organization. For several months it was known that Commissioners Fred C. Peters and Foster C. Hillegass, and Republican Chairman Lloyd H. Wood were friendly to the Davis candidacy. Two months ago, Senator Davis visited the Commissioners' office, and spent several hours with Peters, Hillegass and Wood before going to Pittsburgh, where he announced his candidacy the day after the conference with the Montgomery leaders.

The selection of Pike, Hess and Bechtel to the key positions of the campaign committee assures County-wide unity for Senator Davis. Pike's first official action was to select campaign headquarters at (Continued On Page Two)

Council To Appeal Tax Assessment

Carr Thinks Reduction On Properties Was "Alarming"

SOLICITOR ADVISES AGAINST ACTION

Narberth Borough Council voted Monday night to appeal a tax assessment reduction involving properties at 221 and 227 N. Narberth av., Narberth.

The appeal was made on a motion introduced by Roland Fleece, president of the Council and owner of the properties.

Question over the assessment reduction was raised by Henry P. Carr, Council's finance chairman, in an exchange of letters with Henry A. Frye, the Borough solicitor.

Carr contended the assessment reduction, amounting to 36.84 percent, was "alarming." In a letter dated April 2 he asked Frye's advice in the matter. The Solicitor's answer, which came April 13, was that he would not recommend an appeal.

At Monday night's meeting all of the councilmen seemed satisfied to accept the Borough solicitor's recommendation except Carr. He wrote on the margin of the letter, in which the Solicitor advised against an appeal, the following notation: "I do not agree with the contents of this letter."

It was through Fleece's insistence that the matter be cleared up, however, that Council decided to appeal the reduction which was made by the Montgomery County Board for the Assessment and Revision of Taxes.

Relinquishing his chair as presiding officer of the Council to Walter A. Fox, Fleece introduced the following motion:

"That the recommendation of the aiders. A different team member posed as the 'victim' for each problem. All Bell plant employees are trained in first-aid and many employees in other departments of the company have received this training.

Carl R. Freehafer, vice president and general manager of the Bell Telephone Company, presented certificates of membership and gold-stamped wallets to the two new members. He also gave special awards to the other members who had extended their safety records. Mr. Freehafer spoke on the company's general accident prevention program.

Brief addresses also were made by Russell P. Long, general plant manager, and by Richard E. Thomas, division plant superintendent, the latter presented prizes to the first-aid contest winners. Kenneth LeCompte, district plant superintendent presided at the rally.

Those invited to the rally included Joseph B. Wittan, division manager; Henry B. Cowan, division construction superintendent; Herbert J. Bruder, district manager; George B. Loughery, Jr., district traffic superintendent; James B. Francis, manager at Ardmore, and Hallock S. Johnson, manager at West Chester.

A motion picture "Defense and the Telephone" showed how the Bell System is providing telephone service to the armed forces and to the "home front" of war industry.

Following are copies of the letters exchanged by Councilman Carr and Solicitor Frye:

April 2, 1942
Henry A. Frye, Esq.,
Borough Solicitor,
Narberth, Pa.

Dear Mr. Frye:
Having in mind the constant discussion which has come to me during the past year with regard to unequal assessments on property in the Borough of Narberth and the argument which has been made regarding high assessments on properties which have changed ownership during the past depression years, I regret very much that we do not have any notification of applications for change in assessments for a period of six months—October to April.

The tax duplicate book was received several days ago and I requested Mrs. Grace to make a comparison of 1941 and 1942 assessments. While we have some good increases on account of the change in the Langdon Lee and Harrie properties, there are two reductions appearing which from a percentage standpoint are alarming.

1941	1942
221 N. Narberth av. . . \$9,500	\$8,000
227 N. Narberth av. . .	
Lot adjoining 227 N. Narberth av. on the south	\$2,000

As land does not depreciate this is a 36.84 percent reduction on 227 N. Narberth av.

233 Wynnewood av. \$24,000 \$20,000
Lot in rear of 233 Wynnewood av. 2,000
This is a 25 percent reduction on 233 Wynnewood av.

VICTORY GARDEN COMMITTEE LISTS RULES FOR PLANTING

Hardy vegetables, such as onions, peas, and spinach, now may be planted as soon as the soil can be prepared in all except the higher altitudes of Pennsylvania, states Harold Graham, chairman of the Montgomery County Victory Garden Committee.

Mr. Graham added, however, that soil preparation should not be undertaken until the soil is sufficiently dry that it may be crumbled readily after being compressed in the hands. If soil is worked when it is so moist that it adheres to a spade or hoe, or sticks together after being packed, it will become hard and lumpy on drying, and its productivity will be seriously reduced.

Manure usually is spread on the surface and is plowed or spaded under. Commercial fertilizer or lime also may be incorporated in the soil in the same way, or may be spread on the surface after plowing, and worked into the soil by harrowing or raking. A part of the fertilizer may be mixed with the soil in the bottom of the drill or hill when seeds are sown or plants are set, or this part of the fertilizer may be sown in at the bottom of drills or channels about two inches deep and two inches from the row.

Seeds and plants should have good contact with moist soil to start well, Mr. Graham advised. To obtain this, the soil above the sown seeds and that around the roots of plants should be well packed. Water may be applied advantageously to plants at the time of transplanting, and should be poured over the roots in the bottom of the hole in which the plant is set, rather than over the soil surface when the transplanting operation is completed.

It is not advisable to water seeds at the time of sowing, because a crust is likely to form, through which seedlings will have difficulty in coming up.

Organize Course in Household Mechanics

At the suggestion of the Main Line Branch of the American Red Cross, a course in Household Mechanics is being organized by Miss Jean Francis, dean of the Lower Merion Senior High School. There will be seven classes in all, on Wednesday evenings, from 7:30 to 8:30 beginning April 22 at the Merion School, Bowman av., Merion, under the direction of Mr. Barsby. A fee of \$1.00 will be charged and all applications should be made through Miss Francis at Lower Merion Senior High School. The class is limited to 25 people.

Your "Spring Fever" could well be HIDDEN HUNGER

This spring is different. America is at war—needs your best efforts.

You can't afford to feel under par, do half-hearted work, lack endurance. All these signs point to HIDDEN HUNGER—a form of malnutrition caused by lack of vitamins, minerals and other food essentials in your meals.

What you eat means more than how much you eat. To make food fight for victory, the nation's ablest nutritionists have planned simple, easy diet rules to follow. First on every diet is milk—a pint daily for

adults—a quart for children. Milk can't do the whole job, of course, but it's a BIG item in a balanced diet.*

Get the milk habit the easy way—with Supplee Sealtest Homogenized Vitamin D Milk. It's tastier because the cream is mixed throughout the bottle—and stays mixed. It's better for you—and all your family—because valuable vitamin D has been added. Order from your Supplee milkman or BRYN MAWR 881

Davis

415 Swede st., Norristown, directly across the street from the Court House.

Another indication of the County's Republican solidarity of the Organization in its support of Senator Davis came Monday afternoon, when Chairman Pike announced that County Treasurer Mary H. Beerer, Norristown, would head the "Women's Activities Committee."

Mrs. Beerer was elected County Treasurer two years ago as the first woman to a "row office" in the court house. For years she has been active in Republican women's circles, and her duties call for a complete organization of G. O. P. women in the County.

Pike also named Harry Sacks, Norristown, chairman of the Montgomery County Young Republican Clubs, as head of the speakers committee.

Mrs. Flynn Plans Health Education Work in Canada

Mrs. John E. Flynn, 210 Essex av., Narberth, will leave on April 26 to spend a month doing health work with school children in Toronto and the province of Ontario.

Mrs. Flynn, whose work is sponsored by the Milk Foundation of Canada, started this work last year, when she toured a large section of Canada, putting on puppet shows for school children for the purpose of teaching rules of good health. This year, in addition to the puppet shows, she will also train the children in short health plays.

Protect Health of Pre-School Child

Although it may be some months or years until the pre-school child becomes a school child, Narberth mothers should check and seek guidance on the health of their children who have not reached school age.

The health protection can be obtained by consulting a private physician or by attending the Narberth Well-Child Health Center, provided for Narberth pre-school children by the Board of Health and the Welfare Committee of the Narberth Women's Community Club.

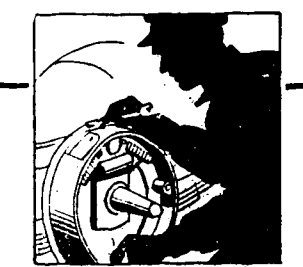

Every pre-school child should have a medical and dental examination. In compliance with President Roosevelt's May Health Day proclamation, he should be immunized against diphtheria and small-pox. The child should enter school with this health protection.

Mothers can also receive advice regarding nutrition of the pre-school child. Poor nutrition is proven by flabby muscles, underweight, round shoulders, fatigue, posture, flat feet, and decayed teeth. Any such findings should result in visits to your doctor or health center.

The regular forms for a health examination of a child expecting to start in the Narberth School next September can be filled out at the Child Health Center. If the services of a dentist are needed the mother can consult her dentist or communicate with Edith W. Unruh who is in charge of Narberth's dental clinic.

SOROPTIMISTS PLAN BENEFIT CARD PARTY

Ursula Murray, president of the Soroptimist Club of the Main Line, together with Vera Grannis and Grace Filler, delegates, attended the Regional Conference held in Atlantic City last Saturday and Sunday. The Conference was held at the Shelburne Hotel with a formal dinner at the Dennis Hotel on Saturday evening. The principal speaker of the conference was the world famous lecturer, traveler, and raconteur, Frederic Sawyer. Widely known as the originator and editor of the Verbal News, paper, Mr. Sawyer chose for his subject, "More Power from the News Tower."

In carrying out the "Service" aim of Soroptimism, the Main Line Club is cooperating with several local organizations and helping to

provide clothing, machines, and working materials for their use. The most important project carried on by the Club is the maintenance of an Occupational Therapist, who, through the cooperation of the Bryn Mawr Hospital and the Community Health and Civic Association, makes regular visits to those in this vicinity needing her care and assistance.

To defray the expenses of this project, the Club has, for the past few years, sponsored a card party. This year the party is scheduled for Saturday evening, April 25, and will be held at the Haverford Court Hotel.
